146. *Mr. Lawlor*—Enquiry of the Ministry—What is the Ministry thinking about in removing the Dialysis Unit to Whitby when the patients are located at the other end of the world. *Tabled April 19th, 1979.*
147. *Mr. Lawlor*—Enquiry of the Ministry—Since it was found impossible over a two-year or greater period to find a location for the Child and Adolescent Care Unit and that institution will remain on the grounds, what basis is there for a belief that the numerous other units can be accommodated elsewhere in the Lakeshore area. Where. And, in particular, the present valued and necessary Alcoholic program. *Tabled April 19th, 1979.*
148. *Mr. Lawlor*—Enquiry of the Ministry—What disposition does the Minister intend to make of that building which was financed and constructed by the volunteers, who have been such a valuable asset to this hospital. *Tabled April 19th, 1979.*
149. *Mr. Lawlor*—Enquiry of the Ministry—Cannot some use be found for the workshops and rehabilitation equipment and facilities fairly recently erected on the premises at considerable cost. *Tabled April 19th, 1979.*
150. *Mr. Lawlor*—Enquiry of the Ministry—In short, and as constantly new questions arise, does the Minister not realize or even acknowledge that he is in the process of making a gross and irreparable blunder which his Government will soon learn to regret, in his unplanned and ill-considered move to close this facility against the best advice of his own hired consultants (\$120,000 worth) and the numerous, most directly involved social agencies and individuals. *Tabled April 19th, 1979.*

151. *Mr. Lawlor*—Enquiry of the Ministry—Is the Minister not now prepared to reconsider the closing of Lakeshore Psychiatric Hospital on the basis of the numerous observations and comments made at public meetings, by way of correspondence, and by briefs submitted particularly by the Ontario Public Service Employees Union. *Tabled April 19th, 1979.*
152. *Mr. Lawlor*—Enquiry of the Ministry—Since I am often awakened at 3.00 a.m. in the morning by someone calling about a problem, and this has been known to happen to many other Members of the Ontario Legislature, does the Minister really feel that such a disturbance of his sleep constitutes adequate grounds for closing the institution, as he intimates by his repeated, soulful reference to this matter. And in particular, does a fire arising out of actions of a patient in the Special Observation Unit so constitute any or adequate grounds. *Tabled April 19th, 1979.*
153. *Mr. Lawlor*—Enquiry of the Ministry—Will the Minister not give good consideration to the perfectly reasonable suggestion made by the Member from Lakeshore that a planned, phased approach to this whole problem would be the best solution for all concerned. That is to say, that a new psychiatric hospital having, say, about 150 beds at its completion, be gradually constructed over a period of five to ten years and that at each stage of completion, the more serious patients be moved from the older quarters into the new thereby retaining the full complement of present in- and out-patient services without disruption and located on such portion of these extensive grounds as would free the balance for such approved community purposes as would meet the needs of the area. *Tabled April 19th, 1979.*
154. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry table the figures for all the allowable and actual cuts since 1970, by licences granted to timber companies in the province. *Tabled April 19th, 1979.*

Since the question quoted 2 sections of page 14 of the Ministry's 1977-8 Annual Report, will the Ministry explain why the Minister of Culture and Recreation found it "impossible to identify programs intended to promote and advance what is already present", i.e. multiculturalism, when his annual report states the Multicultural Development Branch is "responsible for the promotion and advancement of multicultural development". 141. *Mr. Lawlor*—Enquiry of the Ministry—Does the Minister of Health not know or does he not agree that general hospitals cannot provide the specific kind of

care or services that psychiatric hospitals can and do. That they attend upon and to different and distinct groups of patients in terms of length of care and the seriousness of the emotional disability. *Tabled April 19th, 1979.*

142. *Mr. Lawlor*—Enquiry of the Ministry—Does the Minister seriously contend that the Queen Street facility can or will into the future meet the projected increasing demands for hospitalization for the mentally ill as is documented in the McKinsey Report and as set out in the OPSEU brief which points out a deficiency of beds almost before you begin. *Tabled April 19th, 1979.*
143. *Mr. Lawlor*—Enquiry of the Ministry—What about the Day Care and particularly the out-patients services at Lakeshore. Does the Ministry seriously pretend that the present needs, much more the future requirements, of these people will begin to be met. *Tabled April 19th, 1979.*
144. *Mr. Lawlor*—Enquiry of the Ministry—Does the Minister not recognize on the basis of your own statistics that a new hospital will be necessary, no matter what, within a foreseeable time; and at a very much greater capital cost (including the acquirement of land) than as recommended in the Role Study. *Tabled April 19th, 1979.*
145. *Mr. Lawlor*—Enquiry of the Ministry—How can the Ministry possibly close the Special Observation Unit which attends to patients under Lieutenant-Governor's warrants. *Tabled April 19th, 1979.*

150. *Mr. Lawlor*—Enquiry of the Ministry—In short, and as constantly new questions arise, does the Minister not realize or even acknowledge that he is in the process of making a gross and irreparable blunder which his Government will soon learn to regret, in his unplanned and ill-considered move to close this facility against the best advice of his own hired consultants (\$120,000 worth) and the numerous, most directly involved social agencies and individuals. *Tabled April 19th, 1979.*

151. *Mr. Lawlor*—Enquiry of the Ministry—Is the Minister not now prepared to reconsider the closing of Lakeshore Psychiatric Hospital on the basis of the numerous observations and comments made at public meetings, by way of correspondence, and by briefs submitted particularly by the Ontario Public Service Employees Union. *Tabled April 19th, 1979.*
152. *Mr. Lawlor*—Enquiry of the Ministry—Since I am often awakened at 3.00 a.m. in the morning by someone calling about a problem, and this has been known to happen to many other Members of the Ontario Legislature, does the Minister really feel that such a disturbance of his sleep constitutes adequate grounds for closing the institution, as he intimates by his repeated, soulful reference to this matter. And in particular, does a fire arising out of actions of a patient in the Special Observation Unit so constitute any or adequate grounds. *Tabled April 19th, 1979.*
153. *Mr. Lawlor*—Enquiry of the Ministry—Will the Minister not give good consideration to the perfectly reasonable suggestion made by the Member from Lakeshore that a planned, phased approach to this whole problem would be the best solution for all concerned. That is to say, that a new psychiatric hospital having, say, about 150 beds at its completion, be gradually constructed over a period of five to ten years and that at each stage of completion, the more serious patients be moved from the older quarters into the new thereby retaining the full complement of present in- and out-patient services without disruption and located on such portion of these extensive grounds as would free the balance for such approved community purposes as would meet the needs of the area. *Tabled April 19th, 1979.*
154. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry table the figures for all the allowable and actual cuts since 1970, by licences granted to timber companies in the province. *Tabled April 19th, 1979.*

Since the question quoted 2 sections of page 14 of the Ministry's 1977-8 Annual Report, will the Ministry explain why the Minister of Culture and Recreation found it "impossible to identify programs intended to promote and advance what is already present", i.e. multiculturalism, when his annual report states the Multicultural Development Branch is "responsible for the promotion and advancement of multicultural development". To that end, will the Ministry provide a 3 column table in column one place names of the groups to whom financial and consultative assistance was offered, in column two place a description of the assistance and in column three, an explanation of how this achieves the Ministry's stated purpose of the promotion and advancement of multiculturalism. *Tabled April 12th, 1979.*

142. *Mr. Lawlor*—Enquiry of the Ministry—Does the Minister seriously contend that the Queen Street facility can or will into the future meet the projected increasing demands for hospitalization for the mentally ill as is documented in the McKinsey Report and as set out in the OPSEU brief which points out a deficiency of beds almost before you begin. *Tabled April 19th, 1979.*

144. *Mr. Lawlor*—Enquiry of the Ministry—Does the Minister not recognize on the basis of your own statistics that a new hospital will be necessary, no matter what, within a foreseeable time; and at a very much greater capital cost (including the acquirement of land) than as recommended in the Role Study. *Tabled April 19th, 1979.*

150. *Mr. Lawlor*—Enquiry of the Ministry—In short, and as constantly new questions arise, does the Minister not realize or even acknowledge that he is in the process of making a gross and irreparable blunder which his Government will soon learn to regret, in his unplanned and ill-considered move to close this facility against the best advice of his own hired consultants (\$120,000 worth) and the numerous, most directly involved social agencies and individuals. *Tabled April 19th, 1979.*

152. *Mr. Lawlor*—Enquiry of the Ministry—Since I am often awakened at 3.00 a.m. in the morning by someone calling about a problem, and this has been known to happen to many other Members of the Ontario Legislature, does the Minister really feel that such a disturbance of his sleep constitutes adequate grounds for closing the institution, as he intimates by his repeated, soulful reference to this matter. 153. *Mr. Lawlor*—Enquiry of the Ministry—Will the Minister not give good consideration to the perfectly reasonable suggestion made by the Member from Lakeshore that a planned, phased approach to this whole problem would be the best solution for all concerned. That is to say, that a new psychiatric hospital having, say, about 150 beds at its completion, be gradually constructed over a period of five to ten years and that at each stage of completion,

the more serious patients be moved from the older quarters into the new thereby retaining the full complement of present in- and out-patient services without disruption and located on such portion of these extensive grounds as would free the balance for such approved community purposes as would meet the needs of the area. *Tabled April 19th, 1979.*

3. *Mr. Wildman*—Resolution—That, in the opinion of this House, the Government should introduce legislation amending The Retail Sales Tax Act to provide a specific exemption from retail sales tax to the purchaser of non-portable storage devices such as bins, storage containers and silos that are designed for farm use and purchased by a person engaged in the business of farming.
5. *Mr. Renwick*—Resolution—That, nearing a time of crisis and decision for Canada, a Committee of this House be named immediately to review the present proposals and positions of this government in relation to national unity and related constitutional issues, so that the position of this House may be made clear, particularly as the positions of the governments, Federal and

Provincial, of the Task Force on Canadian Unity and other concerned interested bodies have now been published; and that the Committee be required to recommend to this House the policy and proposals for Ontario which will best ensure the continuing unity of Canada; the said Committee to report not later than November 1, 1979.

8. *Mr. Johnson* (Wellington-Dufferin-Peel)—Resolution—That, in the opinion of this House, the Government of Ontario give consideration, through the appropriate ministries, to providing legislation enabling mentally retarded adults attending provincially recognized training centres to be transported on local school buses and that flashing warning lights be used when they are embarking and disembarking, and that the cost for this service be arranged between the local school board, the bus line operator, and the parents or guardian of the mentally retarded adult. *To be debated April 26th, 1979.*
9. *Mr. Davison* (Hamilton Centre)—Resolution—That, in the opinion of this House, the Government should introduce legislation to create an Ontario Food Prices Review Board to protect consumers from unjustified, unfair or excessive increases in the price of food. The Board should consist of five members. The staff of the Board should be seconded from Ministries and Agencies of the Ontario Government and the Board should be able to engage on a temporary basis the services of persons having technical or specialized knowledge to advise and assist it. The Board should have the power: (a) to investigate, on its own motion or on complaint, costs, prices, profits and practices of any person or corporation engaged in the storage, processing, transportation refrigeration, packaging, wholesaling and retailing of any food where a price increase has occurred, or where the Board is of the opinion that a price increase is about to occur; (b) to inspect and examine any or all books, records and materials in the possession or control of any person engaged in the activities set forth in (a) and to require any other information from such a person that the Board considers necessary; (c) to delay any increases in the prices of foods where an investigation by the Board is in progress. Where, after making an investigation, the Board is of the opinion that a price increase is unjustified or unfair or excessive, the Board should have the power to order a roll-back, or where the price increase has not yet taken place, to order that the price increase not take place. Persons affected by an order of the Board should have a right of appeal to the Commercial Registration Appeal Tribunal. The Board should report on its activities at least quarterly and that report should be tabled in the Legislative Assembly. *To be debated April 26th, 1979.*

What is the probability of fuel melting in the event of such an accident. *Tabled April 6th, 1979. Interim Answer April 19th, 1979. Approximate date information available May 17th, 1979.*
127. *Mr. Cassidy*—Enquiry of the Ministry—Since the vacuum building is an essential part of the containment system at the Bruce and Pickering nuclear generating stations, will the Minister tell the Legislature for how long negative pressure can be maintained in the vacuum buildings at those generating stations without having to pump any air out of the vacuum building. If air had to be pumped out of the vacuum building how could it be purified to remove all radioactive contamination. Would the Minister table in the Legislature all technical documents and reports produced by and for Ontario Hydro when he answers these first two questions. *Tabled April 6th, 1979. Interim Answer April 19th, 1979. Approximate date information available May 17th, 1979.*

128. *Mr. Cassidy*—Enquiry of the Ministry—Would the Minister of Health table the legal opinion which substantiates his contention on March 27th, that it would be a violation of Section 44 of the Ontario Health Insurance Act for the Ministry of Health to publish simply the names of those Ontario physicians who are enrolled in OHIP and those who have withdrawn from OHIP. Furthermore, would the Minister indicate on what date he communicated with the Ministry's solicitors regarding this matter, and would he table any correspondence pertaining to this question. *Tabled April 9th, 1979. Interim Answer Tabled April 23rd, 1979. Approximate date information available May 29th, 1979.*
- 129 to 136 inclusive. *Answered April 23rd, 1979.*
137. *Mr. Foulds*—Enquiry of the Ministry—How many mining exploration ventures were in progress in Ontario on March 31st, 1976; March 31, 1977; March 31, 1978; and March 31, 1979. Would the Ministry list the names and locations of these exploration ventures. *Tabled April 10th, 1979. Interim Answer Tabled April 24th, 1979. Approximate date information available April 30th, 1979.*
138. *Mr. Grande*—Enquiry of the Ministry—Will the Ministry now expand the answer given by the Minister of Culture and Recreation to Question #96 on the Order Paper 10. Since the question quoted 2 sections of page 14 of the Ministry's 1977-8 Annual Report, will the Ministry explain why the Minister of Culture and Recreation found it "impossible to identify programs intended to promote and advance what is already present", i.e. multiculturalism, when his annual report states the Multicultural Development Branch is "responsible for the promotion and advancement of multicultural development". To that end, will the Ministry provide a 3 column table in column one place names of the groups to whom financial and consultative assistance was offered, in column two place a description of the assistance and in column three, an explanation of how this achieves the Ministry's stated purpose of the promotion and advancement of multiculturalism. *Tabled April 12th, 1979.*
139. *Mr. Epp*—Enquiry of the Ministry—Will the Minister of Transportation and Communications indicate the total cost of construction and purchase of property of the stretch of 9 miles of highway from Smiths Falls to Merrickville. Will the Minister indicate on an individual basis, the cost and the amount of property obtained. Does the Minister anticipate any additional expenditure, except regular maintenance on this section of highway, within the next 5 years. *Tabled April 17th, 1979.*
140. *Mr. Reid* (Rainy River)—Enquiry of the Ministry—Would the Ministry provide the budget for the last fiscal year of the Cecil Facer Facility in Sudbury, the number on staff, the number of children in residence and the per diem cost per child in the Facility. *Tabled April 19th, 1979.*
141. *Mr. Lawlor*—Enquiry of the Ministry—Does the Minister of Health not know or does he not agree that general hospitals cannot provide the specific kind of care or services that psychiatric hospitals can and do. That they attend upon and to different and distinct groups of patients in terms of length of care and the seriousness of the emotional disability. *Tabled April 19th, 1979.*

142. *Mr. Lawlor*—Enquiry of the Ministry—Does the Minister seriously contend that the Queen Street facility can or will into the future meet the projected increasing demands for hospitalization for the mentally ill as is documented in the McKinsey Report and as set out in the OPSEU brief which points out a deficiency of beds almost before you begin. *Tabled April 19th, 1979.*
143. *Mr. Lawlor*—Enquiry of the Ministry—What about the Day Care and particularly the out-patients services at Lakeshore. Does the Ministry seriously pretend that the present needs, much more the future requirements, of these people will begin to be met. *Tabled April 19th, 1979.*
144. *Mr. Lawlor*—Enquiry of the Ministry—Does the Minister not recognize on the basis of your own statistics that a new hospital will be necessary, no matter what, within a foreseeable time; and at a very much greater capital cost (including the acquirement of land) than as recommended in the Role Study. *Tabled April 19th, 1979.*
145. *Mr. Lawlor*—Enquiry of the Ministry—How can the Ministry possibly close the Special Observation Unit which attends to patients under Lieutenant-Governor's warrants. *Tabled April 19th, 1979.*
146. *Mr. Lawlor*—Enquiry of the Ministry—What is the Ministry thinking about in removing the Dialysis Unit to Whitby when the patients are located at the other end of the world. *Tabled April 19th, 1979.*
147. *Mr. Lawlor*—Enquiry of the Ministry—Since it was found impossible over a two-year or greater period to find a location for the Child and Adolescent Care Unit and that institution will remain on the grounds, what basis is there for a belief that the numerous other units can be accommodated elsewhere in the Lakeshore area. Where. And, in particular, the present valued and necessary Alcoholic program. *Tabled April 19th, 1979.*
148. *Mr. Lawlor*—Enquiry of the Ministry—What disposition does the Minister intend to make of that building which was financed and constructed by the volunteers, who have been such a valuable asset to this hospital. *Tabled April 19th, 1979.*
149. *Mr. Lawlor*—Enquiry of the Ministry—Cannot some use be found for the workshops and rehabilitation equipment and facilities fairly recently erected on the premises at considerable cost. *Tabled April 19th, 1979.*
150. *Mr. Lawlor*—Enquiry of the Ministry—In short, and as constantly new questions arise, does the Minister not realize or even acknowledge that he is in the process of making a gross and irreparable blunder which his Government will soon learn to regret, in his unplanned and ill-considered move to close this facility against the best advice of his own hired consultants (\$120,000 worth) and the numerous, most directly involved social agencies and individuals. *Tabled April 19th, 1979.*
151. *Mr. Lawlor*—Enquiry of the Ministry—Is the Minister not now prepared to reconsider the closing of Lakeshore Psychiatric Hospital on the basis of the numerous observations and comments made at public meetings, by way of correspondence, and by briefs submitted particularly by the Ontario Public Service Employees Union. *Tabled April 19th, 1979.*

152. *Mr. Lawlor*—Enquiry of the Ministry—Since I am often awakened at 3.00 a.m. in the morning by someone calling about a problem, and this has been known to happen to many other Members of the Ontario Legislature, does the Minister really feel that such a disturbance of his sleep constitutes adequate grounds for closing the institution, as he intimates by his repeated, soulful reference to this matter. And in particular, does a fire arising out of actions of a patient in the Special Observation Unit so constitute any or adequate grounds. *Tabled April 19th, 1979.*
153. *Mr. Lawlor*—Enquiry of the Ministry—Will the Minister not give good consideration to the perfectly reasonable suggestion made by the Member from Lakeshore that a planned, phased approach to this whole problem would be the best solution for all concerned. That is to say, that a new psychiatric hospital having, say, about 150 beds at its completion, be gradually constructed over a period of five to ten years and that at each stage of completion, the more serious patients be moved from the older quarters into the new thereby retaining the full complement of present in- and out-patient services without disruption and located on such portion of these extensive grounds as would free the balance for such approved community purposes as would meet the needs of the area. *Tabled April 19th, 1979.*
154. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry table the figures for all the allowable and actual cuts since 1970, by licences granted to timber companies in the province. *Tabled April 19th, 1979.*
155. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry detail the types of mineral aggregate stone or other construction materials that the Ministry believes to be in short supply as indicated in the Provincial Secretary for Resources Development's statement on Pits and Quarries in the Niagara Escarpment, dated April 12, 1979. Will the Ministry further detail its estimate of the amount by which demand exceeds supply for the above-mentioned minerals. *Tabled April 20th, 1979.*
156. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry detail the uses to which the aggregate materials considered to be in short supply within the Pits and Quarries Restrictive Zone, are to be put. *Tabled April 20th, 1979.*
157. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry provide figures on the export of aggregate materials considered to be in short supply within the Pits and Quarries Restrictive Zone. Will the Ministry detail this information by specific material, giving its source and ultimate destination. *Tabled April 20th, 1979.*
158. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry provide a detailed summary of its demand forecasts for the aggregate materials considered to be in short supply within the Pits and Quarries Restrictive Zone. Will the Ministry further provide this information by MNR district. *Tabled April 20th, 1979.*
159. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry detail the expected lifespan of licenced operations outside the Pits and Quarries Restrictive Zone containing the specific materials deemed to be in short supply within the Pits and Quarries Restrictive Zone. *Tabled April 20th, 1979.*

160. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry provide a detailed estimate of the expected lifespan of existing licenced pits and quarries, within the Pits and Quarries Restrictive Zone, containing the aggregate materials deemed to be in short supply. *Tabled April 20th, 1979.*
161. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry provide an estimate of the number of licenced acres and reserve volumes of aggregate minerals to be found within the Pits and Quarries Restrictive Zone, of the type considered to be in short supply. *Tabled April 20th, 1979.*
162. *Mr. Foulds*—Enquiry of the Ministry—will the Ministry provide an estimate of the number of licenced acres and volume of reserves of aggregate minerals to be found in Ontario, of the type considered to be in short supply within the Pits and Quarries Restrictive Zone. Will the Ministry also provide the above estimates for each MNR district in Ontario. *Tabled April 20th, 1979.*
163. *Mr. Cassidy*—Enquiry of the Ministry—1. Will the Ministry name the firms which have utilized the Selective Placement Service in order to find foreign workers to fill employment vacancies in Ontario, for each of the years 1975, 1976, 1977, 1978 and 1979. 2. Will the Ministry indicate the number of foreign workers which each of the above firms was authorized to hire, and the number which each actually did hire, in the above years. 3. Will the Ministry provide, for each of the above years, a breakdown by skilled trade category of the number of foreign workers brought into Ontario through the Selective Placement Service. 4. Will the Ministry provide, for each of the years 1971, 1972, 1973, 1974, 1975, 1976, 1977, 1978 and 1979, the number of active apprentices by skilled trade category. 5. Will the Ministry table its policy governing access to the facilities offered by the Selective Placement Service of firms in Ontario. *Tabled April 20th, 1979.*
